

INTRODUCTION

Welcome aboard. May your journey through the **WICKED** Education Materials be both informative and exciting. These materials have been designed to turn a theatre-going experience into a comprehensive educational opportunity.

The late Rob Galbraith, formerly Head of Drama at Firkbank Grammar, Victoria, initially developed the materials. Rob published a number of texts on Drama and Theatre, including the Drama and Theatre Studies Logs, which were written specifically for the Victorian Certificate of Education (VCE). Lisa Jinga adapted and added to the materials for the Sydney season. Lisa is currently Head of Drama, Dance and Entertainment at MLC Burwood, New South Wales. She is also the Method lecturer for Drama at UNSW and has worked in syllabus development at the Board of Studies NSW. In Queensland Belinda Macartney, Education Manager, Queensland Performing Arts Centre has reviewed the materials and their relevance to the Queensland Curriculum (see page 5).

WICKED is rich in ideas, concepts, themes, provocations, and re-imaginings. It provides an ideal starting point and stimulus to inspire work on almost any area of the curriculum.

NOTE: The terms Beginners, Intermediate and Advanced relate to skill levels in general and do not correspond to any particular State's curriculum levels or age groups.
